

Julie Aageson, the director of the Eastern North Dakota Resource Center posts newsletters on her website which highlight resources that are very helpful. They are available using Adobe Acrobat Reader, (her site includes a link to a free download). While our center does not currently have all the resources listed in Julie's newsletters, the information contained in them will prove helpful to your congregation as you choose resources to have on hand to help you in your own ministries. Click on the following URL to access Julie's web site listing of all her newsletters, including:

*End Times, the Millennium and THE BOOK OF REVELATION* HTML or Adobe PDF (353k) NEW!

You may also want to check our “*Revelation: It’s about time...*” and other resources connected with the Left Behind series at the [ELCA](#) site.
