

- **ATTENDANCE:**  
 We send a post card to all children who miss two Sundays in a row.  
 This has helped keep attendance up and kept the children coming back  
 We have often seen the kids return the week after they get the post card.
- **HELPING HANDS:**  
 Our Sunday School has adopted one of the four year old students who has leukemia. She receives something each week from a different class to help keep her spirits up. The classes make cards, funny animals, baskets and buy toys, and many other ideas. We also remember her brother and parents with surprises.
- **SECRET SUPPORTS:**  
 At the beginning of the Sunday School year, each teacher is assigned a secret supporter. This is a person who secretly leaves little gifts and treats for the teacher and the class for encouragement. At the end of the year, teacher and Secret Support are united at a special appreciation lunch.
- **CHILDREN'S BULLETIN:**  
 Each Sunday the children receive a bulletin created especially for them. We include special events for the week, names of the children (and the date) that have a birthday during the week. Of course, we also have fun and learning puzzles and games that relate to the Scriptures for that Sunday.
