

The Social Action Committee at First Lutheran purchased bottlecap lapel pins from the ELCA World Hunger Appeal (800.638.3522, ext. 2764). The pins come attached to a colorful information card. Members of the group who had rubber stamping and scrapbook equipment punched a hole large enough for the pin to stick through to the front of the card. For a Valentine's Day card they stamped hearts on greeting card-sized red cardstock. They are selling the greeting cards during a publicity effort to raise awareness for the **Stand With Africa** campaign. They plan to customize their cards during the different seasons of the year.

*Stamped card with hole punched in front cover*

*LWF bottlecap lapel pin on card*

*Completed card with information card folded over top of greeting card and bottlecap pin appearing in cut-out.*
